

## Wings scarf

*I made this*

*from bulky handspun, but it's variable.*

*For thinner yarn and needles you can repeat the wingpiece part more often and also continue longer with the straight part.*

*I didn't use any stitch markers, but if you're comfortable with it, of course you can ☺.*

*You need:*

- Yarn of your choice ( I used my handspun, about 155g), depends on your desired length of the scarf.*
- Matching circular needle (I used size 6mm)*
- Crochet hook (I used size 7mm)*

*Stitches:*

*Knit*

*Cast on and off*

*Wrap and turn ( with yarn in front slip 1stitch, wrap yarn around and put the stitch back on the left needle and turn)*

*Crochet chain*

*Ok, so lets do it ☺:*

*Cast on 82 stitches*

*Knit one row.*

*Wingpiece:*

*Knit to the last stitch, wrap and turn (w&t).*

*Knit the next 16 stitches, w&t.*

*Knit 14 stitches, w&t.*

*Knit 12 ,w&t.*

*Knit 10 w&t.*

*Knit 8, w&t.*

*Knit 6,w&t.*

*Knit 4, w&t.*

*Knit 2 w&t.*

*Knit 4, w&t.*

*Knit 6,w&t.*

*Knit 8, w&t.*

*Knit 10. w&t.*

*Knit 12.w&t.*

*Knit 14, w&t.*

*Knit 16, w&t.*

*Knit to the end of the row.*

*Next row: cast off 6 stitches, knit to end.*

*Next row: cast on 6 stitches, and start working the wingpiece from beginning.*

*Work this part 7 or more times, depends on how much wingpieces you'd like to have.*

## *Small, long part:*

*After you worked the last wingpiece:*

- *knit one row*
- *cast off 18 stitches, knit to end.*
- *Next row: cast on 18 stitches, knit to 4 stitches before end, w&t.*
- *Next row: knit.*
- *1: cast on 4 stitches, knit to 4 stitches before the last w&t, and again, w&t.*
- *2:Knit.*

*Repeat the last 2 rows marked with 1 and 2 until your piece has the desired length, cast off, and when you come to the last stitch, grab a crochet hook 7mm and add a few chains to finish off.*

*block,*

*wear,*

*Enjoy :D*
